More than 1100 years ago, the Racka sheep arrived in Hungary with the settling Hungarians and have remained as faithful companions. There were once many Racka sheep in the area where the National Athletics Centre now stands. Youhuu is an everyday hero who was inspired by the World Athletics Championships to take up sport and loves athletics. As the chief cheerleader, he will be an essential part of the event before and during the World Championships, sometimes sweet, sometimes cheeky, but always fun.

Eight more competed every time in 1980-2019: Argentina, Chinese Taipei, Denmark, Ireland, Ivory Coast, New Zealand, Norway and Portugal. The first in the main championships was marathoner Grete Waitz (NOR) in 1983. The first to successfully defend a title was Carl Lewis (USA), once it was confirmed that he and not Ben Johnson was the rightful winner of the 100m final staged on the second day of the 1987 championships.

**The most medals won by an individual** at the World Championships is 20 (14 gold, three silver & three bronze) by Allyson Felix (USA) at 200m, 400m, 4x100m relay & 4x400m relays between 2005 and 2022. The most by a man is 14 (eleven gold, two silver & one bronze) by Usain Bolt (JAM) across the 100m, 200m & 4x100m relay 2007-2017. Among countries, the United States have won a record total of 414 medals, comprising 183 golds, 126 silvers and 105 bronzes.

**The most golds won by an individual** is 14 by Allyson Felix, including the ones she was awarded for contesting the women's 4x400m heat only for the winning US squad in 2019 & 2022. The most by a man is 11 by Usain Bolt. The most individual golds won is seven by Bolt.

LaShawn Merritt (USA) also won six successive golds in the 4x400m relay in 2005-2015, though the first of those was awarded when Merritt ran in the heats only for a team which went on to win the final.

The best single event record by a woman, individually, is seven medals (two golds, two silvers and three bronzes) at Shot Put by Gong Lijiao (CHN) in 2009-2022. Allyson Felix also won seven medals (six golds, one silver) at the 4x400m in 2007-2011 and 2015-2022, though in 2019/2022, she only raced in heats.

The margin of victory in the 2007 women's 100m was 0.002 involving another American-Jamaican rivalry: Veronica Campbell (JAM) 11.006 over Lauryn Williams (USA) 11.008. Unfortunately, for three further events where the winner shared the same time to the hundredth, the 1991 men's 110m hurdles, 1993 women's 4x100m relay, and 1995 women's 200m, the precise times have not been disclosed.

1 Nowicki was originally fourth but it was protested that the bronze-winning open throw of Halász [78.18] should have been ruled a foul. On watching video of the trial, the Jury of Appeal agreed that the throw was irregular and awarded Nowicki a bronze. But they also allowed Halász to keep his medal "in fairness" on the grounds that he had continued in the competition (fouling four times) thinking he'd produced a medal-worthy throw.

# WORLD CHAMPIONSHIPS PLACING TABLES

Eight points are given for a gold medal down to one for eighth place across 828 World Championship events, including the additional championships of 1976 (men's 50k walk) and 1980 (women's 3000m & 400m hurdles) . Points are shared in the case of a tie (=). The columns in the overall placing tables do not all add up to 828 because of ties, non-finishers, disqualifications and non-starters, though there has never been a tie for first place in World Championship history. Reflected are doping disqualifications comfirmed as at July 31, 2023.

1 Only birth year is known, but even in worst case (born January 1) the athlete is the youngest

2 Marathon runner Ayele Setegne ISR – who was previously listed as the oldest ever competitor at 50 years 124 days in 2005 – was actually born in 1962 and not 1955 as submitted in various entry lists. Therefore he was 43 years old in Helsinki and not 50. It is correct that April 11, 1955 is his official birth date according to his Ethiopian passport and Israeli identity card. The 1955 date is from the Ethiopian calendar which runs seven years later than that in common use. An actual birthdate of April 11, 1962 has been confirmed by the athlete, and to the World Athletics by the Israeli AA, who explain that for official purposes he must use the earlier date as this is what appears on his Israeli papers, which apparently cannot be changed

3 Competed in heats only

1 The country for which Pritchard competed is debatable. There is a good case for him to be listed as Indian and indeed several Olympic historians prefer this option. Here, we are swayed by the research of the late Ian Buchanan published in the Journal of Olympic History (Volume 8, number 1, January 2000). Buchanan notes that Calcutta-born Pritchard was selected to represent Great Britain after competing at the 1900 AAA Championships (in London) and was shown as being affiliated to both England and "British India" (Indes Anglais) in the 1900 Olympic Games programme. He concludes that "Pritchard was a British colonial, resident in India". Further evidence is welcomed

1 Thorpe originally finished outright first but was disqualified for a breach of amateur rules. He was reinstated in 1982 by the IOC as joint first with Wieslander. After further consideration in 2022, it was agreed that Thorpe should once again be the sole gold medallist, with Wieslander on silver along with Lomberg and the bronze and other placings not further affected

2 Schenk admitted to doping violations. In fairness, fourth place is shown

1 This race was originally won in 10.75 by Marion Jones USA, who in 2008 admitted to doping violations and was disqualified. Original silver medallist Thanou was not officially upgraded to gold medal status and according to https://olympics.com/en/olympic-games/sydney-2000/results/athletics/100m-women as at July 31, 2023 remains silver medallist alongside Lawrence, who was promoted from bronze. Ottey was upgraded from fourth to bronze. In December 2009, the IOC spokesman Mark Adams explained that Thanou "disgraced herself and the Olympic movement by avoiding three doping tests ... she admitted anti-doping violations when she accepted a two-year suspension from the IAAF. The rankings in the actual race are a matter for the IAAF, and they are changed, but the actual awarding of any medal is not a right. Therefore, in this case, it will not happen. It is felt that with her conduct, she did not deserve to be honoured with this recognition."

1 The country for which Pritchard competed is debatable. There is a good case for him to be listed as Indian and indeed several Olympic historians prefer this option. Here, we are swayed by the research of the late Ian Buchanan published in the Journal of Olympic History (Volume 8, number 1, January 2000). Buchanan notes that Calcutta-born Pritchard was selected to represent Great Britain after competing at the 1900 AAA Championships (in London) and was shown as being affiliated to both England and "British India" (Indes Anglais) in the 1900 Olympic Games programme. He concludes that "Pritchard was a British colonial, resident in India". Further evidence is welcomed

1 The Court of Arbitration for Sport ruled in 2010 that "at the time of the Sydney Olympic Games there was no specific IOC or World Athletics Rule in force that clearly allowed the annullment of the relay team results if one team member was found to have committed a doping offence". This meant that only Jones was disqualified from the medal-winning relay teams and the collective team result in each race was allowed to stand.

Eleven further entries were also withdrawn after pre-Games testing or confirmation of earlier violations:
Men (6) Liu Yunfeng CHN, Dieter Baumann GER, Gabor Dobos HUN, Simon Kemboi KEN, Aleksandr Bagach UKR, CJ Hunter USA

1 Silver medal not (yet) reallocated to original bronze medallist Eşref Apak TUR, who returned his bronze to the IOC in 2012. That bronze medal apparently withheld from Vadim Devyatovskiy BLR (originally 4th). Apak therefore left without any medal according, according to https://olympics.com/en/olympic-games/athens-2004/results/athletics/hammer-throw-men at July 31, 2023. The reason for this has not been disclosed
2 Despite the disqualification of Cox (who ran only in the heat) the IOC decided in June 2013 not to disqualify the US team from the final
3 Bronze medal apparently withheld from Nadezhda Ostapchuk BLR (originally 5th, then 4th, then 3rd), according to https://olympics.com/en/olympic-games/athens-2004/results/athletics/shot-put-women at July 31, 2023. The reason for this has not been disclosed

# OLYMPIC GAMES PLACING TABLES

Here, points are awarded for the first eight placings in each event, with eight for first place down to one for 8th. For ties, points are divided between the countries involved, so that for instance equal second place by two athletes is worth 6.5 points for each country. Points are only awarded for athletes who finished in the final. None are given to those who did not finish or were disqualified.

These tables should be regarded as showing placings rather than medals. That is because in a few cases, upgraded placings have not been rewarded by commensurate medals. Four athletes are affected across three events. In the 2000 women's 100m, Katerína Thánou GRE finished first after the disqualification of Marion Jones, but was never given a gold medal by the IOC as explained on page 117. Eşref Apak TUR and Vadim Devyatovski BLR ended up second and third in the 2004 men's Hammer Throw, but neither has medals. Nadezhda Ostapchuk BLR was promoted to third in the 2004 women's shot put, but never received a bronze medal. The IOC have not explained the reasons behind their decisions regarding those 2004 events, but they are confirmed (as at July 31, 2023) at https://olympics.com/en/olympic-games/athens-2004/results/athletics.

There are two major changes in the past year. Russia's Natalya Antyukh was stripped of her 2012 gold won in the women's 400m hurdles, and this has been officially awarded to Lashinda Demus USA, with everyone else in that field moved up one place. Perri Shakes-Drayton GBR should have been an Olympic finalist at that event, if doping violators are disregarded. The other change was that Jim Thorpe USA is now regarded as the sole winner of the 1912 Pentathlon and Decathlon. He had been disqualified, then in 1982 was reinstated as co-champion. In 2022 the IOC agreed to regard him as the sole champion, with the families of the other former co-champions (Hugo Wieslander SWE and Ferdinand Bie NOR) accepting that they were righfully second. The other placings were not affected, so two firsts become two seconds while third and lower are unchanged. Sweden and Norway therefore have one fewer first places and one more second place overall.

1 Jim Thorpe now solely first in the 1912 Pentathlon and Decathlon
2 Incoporating placings by Germany, the FRG (1952-1988) and the GDR (1956-1988)
3 In the years 1896-1920, Irish athletes competed with Great Britain. For the purpose of the tables, placings are combined with those from Great Britain & Northern Ireland (GBR). From 1924, Ireland (IRL) competed independently. Incorporating silvers in 1900 200m flat & hurdles by Indian-born Norman Pritchard, who represented "British India" according to the documentation of the time (see note on page 484)
4 Australia, Great Britain & Ireland, France and the USA appear with fractions in the "1st" and "2nd" columns. This is because teams of mixed nationalities won medals in the 1900 5000m Team Race (GBR/AUS) and the 1904 Four Miles Team Race (USA/FRA)
5 Athletes from the former USSR competed as the Équipe Unifiée or Unified Team (EUN) in 1992
6 Hugo Wieslander now joint second (from first) in the 1912 Decathlon

# BEST THREE BY YEAR 1970-2021

These listings show the top three performers in championship events, the Mile and the 3000m each year for the past 52 years. Up to 1977 for sprints, electrically and hand-timed marks have been mixed using the then accepted adjustments of 0.24 for 100/200m and 0.14 for 400m. So for example, Miller's 10.19 is ranked above 10.0 hand in 1971. Times for 120 yard, 440 yard and 880 yard races have been amended respectively by margins of 0.03, -0.26 and -0.6 in order to allow meaningful comparisons with their metric equivalents. Times which have been adjusted in this manner are asterisked. For the jumps and shot put, indoor marks are shown.
